

Nutrition Plan: 1400 CALORIES

This is a starter plan for beginners

Breakfast : 4 egg whites (use 2 yolks) cook in 5 g butter or coconut oil - make omelette with bacon , mushrooms onions etc , or scramble, poach or fry

Snack : 25 g of nuts (cashews , almonds) or 100 g greek yogurt with 1 scoop protein and 10 g natural peanut butter

Lunch : 150 g of chicken with 200 g dark green veg, 15 g coconut oil / olive oil

Pre workout : 2 scoops of whey protein with a tablespoon of olive oil in

Dinner : 150 g of red meat (steak / lean mince) 250 g of sweet potato or 70 g jasmine rice

.

KEY SUPPLEMENTS:

- Whey protein
- Omega - buy eskimo oil in tablets or oil version from health shop
- Multi vitamin – 3 times daily
- Vitamin D3 – 4000 iu per day
- probiotic

NOTES:

- ***Dark green veg - spinach , kale , broccoli , have more of these on your plate than other veg***
- ***I have included a shopping list so you can mix and match your foods***
- ***No fruit for 2 weeks then add in blueberries / bananas / raspberries after training***
- Drink **THREE LITRES** of water per day
- Use any other veg you like along with any spices and homemade sauces in moderation
- If cravings are bad drink 1 can of coke zero or 2 squares of organic dark chocolate
- Use your imagination with food
